## **SHRINK PACKAGING FILM MACHINE**

**MECPACK ST – Italdibipack S.p.A.**

## **Packaging machine MECPACK ST - ITALDIBIPACK:**

Shrink packaging film machine.

- Dimensions: lenght 1700 mm, width 980 mm, height 1450 mm (without film coil).
- Electrical connection three phases + neutral + ground: 380 V / 50 Hz.
- Installed electrical power: 1,5 kW.
- Frame on transport wheels (With brake).
- Sealing bar (angular): 420x540 mm
- Conveyor width: 420 mm.
- Work height: about 780 mm.
- Weight: 420 kg.
- Maximum height for infeed products: 150 mm.
- Minimum film width: 200 mm. Maximum film width: 550 mm.
- Compressed Air consumption: 0,5 NI/cycle, Working pressure: 6 Bars.
- Production: Up to 1700 pieces/hour.
